Welcome to the Crestview Before & After School Club family where your child can participate in exciting indoor and outdoor activities and crafts. Crestview After School Club offers a safe and dependable place where children can make new friends while playing a wide variety of board and group games, including Capture the Flag, Trivia, and Dodgeball. Children can also play Wii on a 120" screen or even choose to engage in an enjoyable and memorable craft. A homework club is provided, however, staff is not responsible for correcting completed homework.
