SUBJECT: Agenda Item VIII. Discussion of the Role of the Faith Based Community with the Task Force

RECOMMENDATION

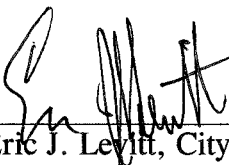

It is recommended the Task Force discuss the role that the Faith Based Community will serve on the Task Force.

OVERVIEW

During the June 17, 2013 Task Force on Heroin Prevention meeting, the Task Force appointed two additional members, Pastor Kevin Dieckilman and Pastor Paul Weir, to represent the Faith Based Community. At the time the appointments were made, it was anticipated that these representatives would serve as liaisons between the Faith Based Community and the Task Force. Since the last Task Force meeting, the Faith Based Community has been active in seeking opportunities to support the Task Force, and the two representatives would like to ensure that as they move forward, they are carrying out their roles as anticipated by the Task Force.
