Dear To Whom it may Concern,

Re: Gateway Equestrian Center

I just wanted to take a moment to express how pleased we are with the Gateway Equestrian Center. Ron first and foremost does an outstanding job of caring & upgrading the center. He's always so helpful and genuinely concerned about what we think. The ground is really good now and continues to get better & better. This we know only comes from constantly working it and is not a small or easy job. The restrooms are always spotless & well stocked which is so wonder. The addition of the PA system is fantastic creating that much more convenience to the center. And now, a WATER TRUCK! This is the greatest thing. Again for a horse arena, having good ground is the most important thing. Kudos to all that made this happen!!

How awesome it is RSRPD has been able to keep the Equestrian Center a focus of attention with such super care & equipment. We're aware this only happens when those people responsible are dedicated to excellence...clearly this is the case at the arena and it really shows.

Sincere yours,
