SUBJECT: Presentation of the Employee of the Month for October 2007

### EMPLOYEE OF THE MONTH FOR OCTOBER 2007

The District's employee of the month for October 2007 is Gerardo Hernandez. Gerardo has worked for the District November 1, 2004. He first worked at Sinaloa Golf Course, and is now a Groundskeeper I in the Maintenance Department. This is his first award for Employee of the Month.

### NOMINATION NARRATION

The person who nominated Gerardo had this to say about him. " The following person has been nominated by me for the following reasons. Since their employment into their new position at Rancho Madera Parks -west end, the aesthetics of those parks has increased tenfold. Many people who come to the golf course and live around the parks on the west end have commented about this employee, who used to work at the golf course but is now working in a park setting.

They say that the fine job he did at the course is also apparent throughout the parks that they have seen him working at. These people always mention him and say that its great to have such a hard working individual who cares about how the parks look. They say that at night when they take their walks they are no longer getting wet by sprinklers that had not been fixed in quite some time around the tennis courts.

Because the intent of this paper is not to accuse people of not taking care of the west end before, no further comments will be mentioned. only that several people have mentioned that they are glad to see this individual on a regular basis and that they feel the parks on the west end look better because of his work. So to recap, the public love this guy and this is good for the way we are all viewed as a whole.

### BOARD ACTION

Gerardo has been invited to attend the November 1, 2007 board meeting to receive a plaque from the board chair. He is also eligible for one day off with pay sometime in the next 60 days.
