Subject: SS RxR Depot and Museum

Dear Mr. Peterson:

I work for Arc Ventura county and was a visitor with one of our instructors and eight students to your Santa Susana Railroad Depot and Museum today.

I found the staff to be exceptionally well qualified and professional in providing a history lesson and tour of the facility. Tom, John and Irene gave us there full attention and shared a great deal with the group. Our questions were answered and the experience gave our group some insight into the past and present, we would not of had otherwise. Also, we were greeted by the model railroad club and given a most enjoyable demonstration of the layout by three of the club members. A truly win-win for the everyone at the facility.

Please send our thanks to all involved, who make this possible. This is a wonderful community resource and we value it. If you ever need a small group of students to help with a volunteer project of any kind, please contact me so we can make arrangements to give back to your organization as well.

Thanks again,

Larry Rice, Program Manager
